

HighRoad™

NEW

PREMIUM ROOFTOP UPRIGHT BIKE MOUNT

Secure, sleek, and simple to use, the HighRoad is Yakima's premium upright bike mount. The adjustment-free hoop, with its TorqueRight™ tightening knob, loads a variety of bikes quickly and easily. The HighRoad secures the bike by the wheels for ultimate bike protection and the low-profile design minimizes hatch interference. Universal mounting hardware fits most roof racks.

- Accommodates bike wheelbases up to 132 cm
- Wheel hoop fits 26" to 29" wheels and tires from 23mm to 4.0" with no adjustment needed
- Integrated TorqueRight™ knob quickly and easily secures the bike with precision
- Requires no wheel removal and makes no contact with the bike frame - a great option for carbon fiber bikes and custom paint jobs
- Sleek, low profile tray minimizes hatch interference
- Tool-free, universal mounting hardware fits most roof racks
- Add your own bike lock to the integrated lock loop for additional bike security when your vehicle is parked
- Easily convert to integrate with T-Slot crossbars with the addition of a SmarT-Slot Kit
- Add SKS Locks (2) to the included TailWhip™ cable to secure your bike and mount to your roof rack (sold separately)
- Road Tested and Approved to 20.4 kg. per bike
