

HD Bar NEW

HEAVY-DUTY CROSSBAR FOR OVERHAUL HD

Our burliest crossbar ever, the HD Bar is the one for heavy loads, rugged terrain and maximum utility. It delivers the muscle our new truck racks demand, and works with our StreamLine towers to get the heavy duty job done right. The engineered aluminum construction provides superior support without weighing things down, as well as integrated tie-down points to simplify load security. To top it off, T-slot attachment technology is included to help add gear the fast, easy way. The Yakima Way.

- Strong, lightweight aluminum construction to handle heavy loads—great for rooftop tents.
- Integrated tie-down points on endcaps make it easy to secure gear.
- T-slots top and bottom to easily add compatible Yakima gear mounts.
- Includes rubber infill for top T-slot for load protection and wind noise reduction.
- Built to last—and look good doing it—with a durable black powder-coat finish.
- Compatible with all StreamLine towers with our new HD Bar SL Adapter (sold separately #8003541).
- Available in variety of lengths - 55"/60"/68"/78" - to create custom set-ups.
