## PREMIUM HARDSHELL TENT

The SkyPeak HD isn't just any tent; it's a realm of endless possibilities with a rooftop capable of shouldering 136 kg of your adventure essentials. When it's time to turn in, the SkyPeak's clamshell body pops open in seconds. Inside, you're treated to a four-season, waterproof haven with a memory foam mattress. Built-in LED lighting, dedicated gear and electronics storage, dual zippered passthrough slots for climate control, and a barefoot-friendly ladder elevate your camping to 'glamp-tastic' heights, where every stay is a premium suite in nature's vast hotel.

- 4-Season, waterproof, balanced breathability with weather resistance
- Interior electronic and gear organisation pockets
- Access doors on 3 sides, designed for all weather conditions and privacy
- Dual zippered passthrough slots for climate control, power or other accessories
- Includes pass-through port in floor and hardware for solar power cable routing
- Dimmable USB-A powered white and amber interior lights
- Quick to deploy clamshell wedge with expansion pop out for additional interior space
- Integrated tent-side T-slots for gear attachment up to 34 kg each side
- Collapsible ladder with extra wide "barefoot friendly" ergonomic angled steps
- Premium memory foam mattress with removable cover & anti-condensation mat
- Secure and lockable low profile tent clamps

**Part Number: 8007512**

- Carry additional gear and equipment utilising the side mounting slots and accessory crossbar kit (up to 136 kg, depending on vehicle rack and load rating)
- SkyPeak HD Weight: 81 kg
- Static load capacity: 272 kg

\*SkyPeak hardshell tent is not suitable for some fit types including Clamp fits. To ensure your vehicle is compatible, please go to [fitlookup.yakima.com](http://fitlookup.yakima.com) for the latest updates.
