

PLATFORM

LockNLoad™ Platform

Designed in Australia for tough offroad conditions, and now with more sizes and fits for more vehicles than ever, this is the LockNLoad Platform.

SMOOTH AND QUIET

Integrated wind deflector and push-down infill reduce wind noise.

EAST-WEST SLATS

Pack more gear and more accessories, thanks to the east-west slats with accessory slots in every slat and all the way around the outer frame.

LOOKS TOUGH, IS TOUGH

Durable, corrosion-resistant aluminium construction with a textured, black powder-coat finish.

Side Rails

- Mount accessories directly to your tough and versatile Side Rails or use them as a handy tie-down point
- Attach to all sides or slots of the Platform

CROSSBAR

LockNLoad™ TrimHD™ Bars

The new LockNLoad TrimHD was designed and tested in Australia, and is the new go-to for heavy loads, quietness, and maximum utility.

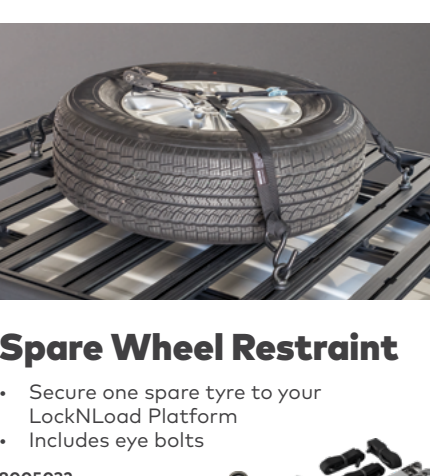

- Load strips with airflow diffuser ridge helps with load carrying and reduces wind noise
- Built to last, with engineered aluminum construction and durable powder-coat finish
- Integrated tie-down points - with a low visibility blackened finish
- Standard-sized T-slots to make adding your gear and accessories super-fast and easy
- Product load rating up to 100 kg

LockNLoad Crossbar Clamps

Use these clamps to attach the LockNLoad™ platform to an existing Yakima® roof rack, factory rack, or other aftermarket roof-rack system. One set of 2 clamps is required for each crossbar.

SET OF 2 8005039

UTE BED RACK

BedRock™ HD

HEAVY DUTY UTE BED RACK

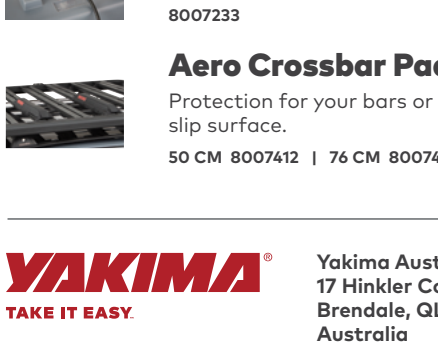

Low-profile and strong, the BedRock HD Combo is perfect for carrying all manner of loads while still leaving the ute's bed free for gear.

- Simple, tool-free attachment
- Integrated SKS locks to secure to ute bed
- Integrated tie-down points
- T-Slots on the top and bottom to easily add more compatible gear mounts
