The Yakima RibCage is a high capacity track system for Jeep Wrangler hardtops. The internal support structure ratchets up the off-road carrying capacity to safely and confidently carry roof top tents, recovery gear and just about anything else you can throw up there. RibCage is compatible with traditional Yakima towers and crossbars or LockNLoad platform rack systems.

OFF-ROAD RATED UP TO A 330LB  
DYNAMIC LOAD RATING AND A 825LB  
STATIC LOAD RATING

48" HD TRACK SECTIONS ALLOW FOR  
VARIABLE CROSSBAR SPREADS TO  
SUPPORT 2 OR 3 BAR OR MULTIPLE TOWER  
LOCKNLOAD PLATFORM SETUPS.

THE INTERNAL SUPPORTS ATTACH TO THE  
ROLL CAGE ENSURING LATERAL STABILITY  
FOR MAXIMUM STRENGTH.
