

StageTwo 2" **NEW**

PREMIUM PLATFORM HITCH BIKE RACK

Continuing its legacy of heavy-duty performance and thoughtful design, the StageTwo raises the bar with a host of new features and a promise of performance and ease-of-use to every ride.

- StrongArm™ hook secures bike at wheels, protecting painted surfaces and carbon frames
- Convenient 3-Position tilt lowers to allow boot/tub access with bikes loaded, and folds flat against the car with bikes unloaded
- New, easy to use Tool-free locking SpeedKnob for secure and simple installation and removal
- StadiumSeating™ tiered and adjustable bike trays offset to minimise bike-to-bike interference
- Accommodates bike wheelbases from 76 cm to 132 cm
- Fits 16" to 29" wheel sizes and tyres up to 5" wide
- Offset trays for extra bike-to-bike clearance
- Integrated SKS (Same Key System) locks included to secure bikes to rack and rack to the vehicle hitch receiver
- RampUp compatible V-shaped trays for easy, roll-on loading and stows away neatly on the rack (RampUp sold separately)
- Compatible with the Yakima BackSwing and StraightShot hitch accessories
- Road and RV approved to 31.8 kg per bike (2 Bike option only)
- Offroad rated up to 19 kg per bike
- Colourway - Anthracite
