

# RuggedLine T6

NEW

## VOLKSWAGEN TRANSPORTER T6 GEN6 VAN SWB TM

Yakima RuggedLine® is a premium platform-to-vehicle mounting system, designed and tested in Australia. Constructed from powdercoated stainless steel for ultimate reliability, RuggedLine is ready to be paired with the existing (and proven) range of LockNLoad Platforms. The strength of RuggedLine also boasts a modern look designed by an automotive styling firm. The angular cut outs along the length pair well with modern vehicle styling trends, and topping this off is premium spec automotive badging in blackened chrome.

- Extensively tested for off-road performance and wind noise
- High-end blackened chrome Yakima badging
- Constructed from powder coated stainless steel
- The larger hexagonal cut out design allows for better access and easier installation
- Modern, faceted and angular aesthetic aligned with current automotive styling
- Tools for assembly supplied
