

HighSpeed™ NEW

PREMIUM ROOFTOP FORK BIKE MOUNT

Our premium fork mount, the low-profile HighSpeed, is streamlined, strong, and versatile. It easily transports mountain, road, and fat-tire bikes and fits both quick release and thru axles. Bikes are secured with the easy-to-use TorqueRight™ knob for a precise and strong hold. The sleek and stylish HighSpeed tray is designed for maximum hatch clearance. Universal mounting hardware fits most roof racks.

- Securely carries a variety of bikes including road, mountain and up to 5" fat-tire bikes
- Fits Yakima round, square, factory, or aerodynamic bars- Seamlessly carries both quick release (9mm) and thru axle bikes (12mm, 15mm, 20mm)
- TorqueRight™ knob quickly and easily secures the bike with precision.- Sleek, low profile tray minimizes hatch interference and accommodates tires up to 5" wide
- Tool free, universal mounting hardware fits most roof racks
- Easily convert to integrate with T-Slot crossbars with the addition of a Smart-Slot Kit (sold separately)
- Add SKS Locks to the TailWhip™ cable and crossbar attachment to secure your bike and mount to your roof rack. For additional security add a lock to the TorqueRight™ knob. (SKS sold separately)
- Accommodates bike wheelbases up to 127cm - Road Tested and Approved to 18 kg. per bike
- Off-Road rated to 10.8 kg per bike
