Our story is more of a journey, because we've never been good at sitting still. After all, we don't have wild sides; we have wild souls. For four decades, our trusted solutions have transformed the way people travel. We're leaders in our category, packing heritage, safety, design sensibility, and street smarts into every product. We give everyone the freedom to wander, the right to be unruly, and the confidence to go more rogue.

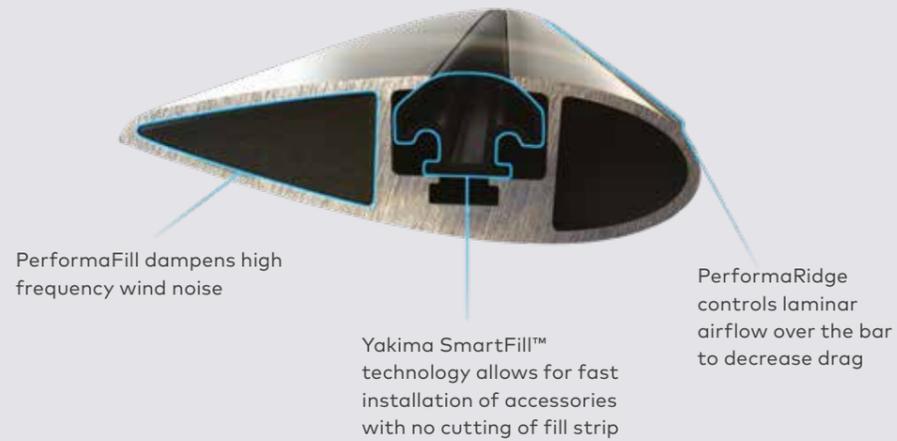

ROOF RACKS

ROOF RACKS

Yakima® Aero Bar QUIET, AERODYNAMIC

An innovative bar design which drastically reduces wind noise, drag and vibration. It also achieves some of the best fuel efficiency of any available rack system.

ThruBar

EXTRA CARRYING WIDTH

- SKS locks included
- Available in silver or black
- T-Slot with Yakima SmartFill
- Max. product load rating 75 kg*

Flushbar

PREMIUM FACTORY LOOK

- SKS locks included
- Available in silver or black
- T-Slot with Yakima SmartFill
- Max. product load rating 75 kg*

Railbar

A PREMIUM LOOK FOR VEHICLES WITH RAISED RAILS

- SKS locks included
- Available in silver or black
- T-Slot with Yakima SmartFill
- Max. product load rating 75 kg*

Fits For Different Roof Types

Your roof type determines what mounting system you'll require

Naked

A bare roof with no designated attachment points.

Flush Rail

Two flush rails that run parallel to the doors. You cannot slide your hand underneath.

Raised Rail

Two raised rails that run parallel to the doors. There is enough of a gap that you could slide your hand underneath.

Factory

Crossbars and side rails that came pre-installed on the vehicle from the dealership.

Fixed Point

Four hidden attachment points that are usually disguised by a cover or plastic door. Can be found on some flush rails, or raised rail roofs.

Gutter

Two parallel gutters protrude from either side of the vehicle, creating a secure attachment point for roof racks.

Yakima SmartFoot THE ULTIMATE RACK MOUNTING SYSTEM

Yakima SmartFoot is a truly modular mounting system that seamlessly attaches to your vehicle like no other.

Paired with these premium fitting kits, your rack system gets the custom treatment.

Yakima SmartFoot fitting kits are designed specifically for the make and model of your vehicle, ensuring a secure fit.

TrimHD NEW

HEAVY DUTY OFFROAD RATED RACKS

- SKS locks included
- Suitable for rooftop tent use
- T-slot channel and integrated tie-down points
- Maximum product load rating of 100 kg*

ROOF RACKS

The StreamLine Collection NEW

OUR MOST ADVANCED ROOF RACK SYSTEM EVER

The StreamLine system combines advanced aerodynamics and clean lines with exceptional strength and versatility. Three crossbar styles and eight leg designs are available to create a system that fits your life and carries all the gear you need..

- Includes aerodynamic JetStream, JetStreamFX or heavier duty TrimHD crossbars with T-Slot and SmartFill pushdown infill for easy accessory mounting.
- Sleek StreamLine legs with a textured matte finish showcasing a debossed Yakima polished logo to give it a premium finish.
- A seamless visual connection to the style of your vehicle.
- Durability, versatility, and ease of use that's totally Yakima.

JetStream
Through bars for wider loads

- StreamLine FX Family offers integrated legs and crossbars that deliver a clean, connected look.
- StreamLine through crossbar options allow you to carry wider loads.
- T-Slot infill for T-Slot gear mounts.
- Aluminium construction.
- Integrated SKS (Same Key System) locks included.
- Available in black and silver.
- Product load rating 75 kg* per pair.

JetStream FX
Flush bars for a sleeker look

TrimHD
For heavier loads

- A heavy duty bar for bigger loads.
- T-slot channel and integrated tie-down points.
- Product load rating* of 100 kg per pair.

TESTED: COMPLIES WITH ISO 11154:2006

FOUR SLEEK, MODERN STREAMLINE LEG STYLES, EACH DESIGNED FOR YOUR SPECIFIC ROOF TYPE...

OFFROAD RACKS

TrimHD Bars

HEAVY DUTY OFFROAD-RATED RACKS

TrimHD was designed and tested in Australia, and is the new go-to for heavy loads, quietness, and maximum utility. The engineered lightweight aluminium construction delivers superior support without weighing things down, and improved aerodynamics makes for an even quieter ride.

Standard T-Slot Channel

Standard-sized T-slots makes adding your gear and accessories super-fast and easy.

End Caps

Integrated tie-down points - with a low visibility blackened finish.

Load Protector Strip

Load strips with airflow diffuser ridge helps with load carrying and reduces wind noise.

LockNLoad Leg Packs

Your roof type determines what mounting system you'll require.

With a range of leg options to suit a wide variety of vehicles, LockNLoad has a solution for your next adventure. Built tough and outback proven, all legs come with the added security of SKS locks as standard.

Fixed Point and Trackmount

Gutter Mount

Flush Rail Mount

Custom Application

CREATE THE SUPREME CUSTOM FIT

A range of options to custom fit racks or the LockNLoad platform to your canopy, hard lid or existing roof bars.

Universal Tracks

Mount a platform or roof racks to your canopy, hard lid or custom application (excludes mounting hardware for legs). 800 mm | 1000 mm | 1200 mm | 1600 mm

Artificial Rain Gutter Kit

Allowing installs of roof bars on vehicles and canopies without gutters or other mounting options.

Permanent Mount

Fit Thru-bar, Flushbar and HD Bars to vehicles, canopies and trade bodies. Ideal for vehicles with no standard fit.

LockNLoad Crossbar Clamp Mount

A pair of heavy duty clamps to attach the LockNLoad Platform to a roof rack.

LockNLoad Permanent Mount Kit

Allows installation of roof bars and accessories to your canopy, hard lid or custom application. Includes all mounting hardware.

LockNLoad Platform

TOUGH AND VERSATILE FOR OFFROAD RIGS

Designed and tested for offroad performance in the tough Australian outback, and now with more sizes and fits than ever, this is the LockNLoad Platform.

BOLD LOOKS

The LockNLoad Platform has a bold profile, suited to 4WD vehicles.

SLATS - THE RIGHT WAY!

Pack more gear and more accessories, thanks to the side-to-side slats and accessory slots in every slat and the outer frame.

PIVOT MOUNT SYSTEM

Installation is made super easy by the self-levelling mounts which provide up to 10 degrees of movement.

LockNLoad Platform Fitment Options

Your roof type determines what mounting system you'll require

RuggedLine

- Integrated wind deflector and push-down infill reduce wind noise
- All LockNLoad Platforms now come pre-assembled for quick and easy installation
- Constructed from powdercoated aluminium with e-coating for enhanced scratch resistance
- Fits for a wide variety of SUV's & 4x4's and RuggedLine Flat for canopies and ute trays.

RuggedLine NEW
PLATFORM MOUNTING SYSTEM

RuggedLine is designed from the outset to carry heavy loads and look good while doing it! With modern 4x4 looks in mind, RuggedLine is the new standard in premium platform mounting.

PIVOT MOUNT READY

Powder coated stainless steel pivot mount. No special Platform kits needed, and no wasted major components.

QUALITY COATED

Powder-coated using premium industrial coatings.

BUILT TO LAST, BENT TO FIT

RuggedLine is laser-cut, built from tough, corrosion-resistant stainless steel. Each is then precision bent to ensure a perfect fit.

EASY ACCESS

The hexagonal cut-outs provide space for a more comfortable usage experience.

CUT-OUTS THAT STAND OUT

The long hexagonal cut-outs visually tie RuggedLine to state-of-the-art vehicle design with angles, facets, and creases.

PICK-UP TRUCKS RACKS

CITY CRASH
TESTED. COMPLIES WITH ISO 11154:2006

OverHaul HD

ADJUSTABLE HEIGHT HEAVY DUTY PICK-UP BED RACK

For weekend adventures and hardworking weekdays, the Overhaul HD adjustable pick-up rack offers best-in-class payload and unmatched versatility. The crossbar height can be adjusted to suit your needs: way up, for long loads to go over the cab - or down low, to get the rack out of the wind.

- Adjustable height from 48 cm / 76 cm to create custom set-ups for maximum utility and versatility
- Easy on-off placement in minutes with our patent-pending QuickChange rack attachment
- Fast and easy to secure loads and add gear mounts and accessories (compatible with all Yakima mounts to carry kayaks, surfboards, bikes, rooftop tents, etc.)
- Integrated SKS (Same Key System) locks your rack to the truck bed
- Maximum on-road rating of 226 kg
- Maximum off-road rating of 136 kg

OVERHAUL HD | 8001151

HD Bars sold separately. Large and XL available.

CITY CRASH Applies when sidebar is attached
TESTED. COMPLIES WITH ISO 11154:2006

OutPost HD

MID-HEIGHT HEAVY DUTY PICK-UP BED RACK

Built to handle heavy loads on backcountry terrain, the OutPost HD pick-up rack is ready for rugged overland adventures. The mid-height design provides a low center of gravity, easy accessibility to gear, and the perfect platform for the SkyRise rooftop tent.

- Fixed mid-height position of 33 cm provides easy gear access and a low centre of gravity
- Easy on-off placement in minutes with our patent-pending QuickChange rack attachment
- Designed and tested for all common pick-up beds using our BedGrip clamp design
- Integrated SKS (Same Key System) locks your rack system to the pick-up bed
- Maximum on-road rating of 226 kg
- Maximum off-road rating of 136 kg

OUTPOST HD | 8001152

HD Bars sold separately. Large and XL available.

BedRock HD

HEAVY DUTY PICK-UP BED RACK

Sleek and strong, the BedRock HD's low profile delivers a 135 kg on-road capacity and Yakima's exclusive new offroad rating for up to 80 kg - all without the need to drill into the truck bed. Pair it with the special BedRock 172 cm HD Bars and carry bikes, skis, cargo boxes or the SkyRise rooftop tent, all while preserving valuable cooler-carrying capacity underneath.

- Easy to reach low profile height position makes it easy to rack out and reach gear
- Simple, tool-free attachment makes installation, removal and crossbar spread adjustments a breeze
- Best-in-class, maximum on-road rating of 136 kg
- Maximum off-road rating of 81 kg
- Designed and tested for all common truck beds
- Integrated SKS (Same Key System) locks the rack system to the truck bed

BEDROCK HD | 8001160

HD Bars sold separately. Large and XL available.

Pick-Up Bed Rack System Accessories

HD Bar

The one for heavy loads, rugged terrain and max. utility. Integrated tie-down points and T-slot attachment for your gear mounts. Available in Large 172 cm and Extra Large 198 cm.

Recovery Track Mount

Keep your Maxtrax, Tred and Exitrax recovery tracks safe and handy on your HD Bars or SideBars.

8001164

SkyLine Tonneau Kit

A complete base rack system for pick-up bed Tonneau covers with T-slots.

8001630

Tonneau Kit

Adapts OverHaul HD and OutPost HD truck rack systems to work with the integrated tracks on a number of vehicle Tonneau covers.

8001155

SideBar

Heavy duty side rails increase the utility of OverHaul HD and OutPost HD with more carrying space.

SIDEBAR SHORT BED | 8001153

SIDEBAR LONG BED | 8001154

Rotopax

With the Rotopax mounting kit, you can carry spare fuel and water on your truck rack system's HD Bars or Sidebars.

ROTOPAX MOUNTING KIT | 8001167

IMPORTANT OverHaul HD and OutPost HD are only suitable for specific USA pick-up tubs (e.g. RAM 1500, Chevrolet Silverado...) See website for approved fits.

HighRoad **NEW** PREMIUM ROOFTOP UPRIGHT BIKE MOUNT

Secure, sleek, and simple to use, the HighRoad secures the bike by the wheels for ultimate frame protection. The adjustment-free hoop with its TorqueRight™ tightening knob loads a variety of bikes quickly and easily. Low-profile design minimises hatch interference. Universal mounting hardware fits most roof racks. New model upgraded to accommodate bike wheelbases up to 132 cm.

HIGHROAD | 9812150
Product weight 8.2 kg | Total max. bike weight 20 kg

Upright wheel hoops safely secure the front wheel. Adjustment free for most wheel sizes.

Just turn the TorqueRight™ knob until it clicks to secure the wheel in the hoop.

Built-in TailWhip™ retractable locking cable.

Folds flat and streamlined when not in use.

HighSpeed **NEW** PREMIUM ROOFTOP FORK BIKE MOUNT

Our premium fork mount, the low-profile HighSpeed, is streamlined, strong and versatile. It easily transports mountain, road, and fat-tyre bikes and fits both quick release and through axles. Bikes are secured using the easy-to-use TorqueRight™ knob for a precise and strong hold. New model upgraded to accommodate bike wheelbases up to 127 cm.

HIGHSPEED | 9812151
Product weight 4.35 kg | Total max. bike weight 18.1 kg

Easily clamps onto axle, safely and securely.

TorqueRight™ knob quickly and easily secures the bike axle with precision.

Securely carries a variety of bikes including road, mountain and up to 5" fat-tyre bikes.

Built-in TailWhip™ retractable locking cable - SKS locks included.

FrontLoader ROOFTOP UPRIGHT BIKE MOUNT

Our most versatile bike mount. It carries your complete bike, no wheel removal needed. The universal mounting system fits nearly any crossbars you can think of.

FRONTLOADER | 8002104
Product weight 5.9 kg | Total max. bike weight 18 kg

Locking cable for security (SKS lock sold separately).

Easy to adjust spinning knob tightens the wheel.

Sliding wheel tray for range of bike lengths.

*Fits 20" to 29" wheels with tyre widths up to 3".

ForkChop

MINIMALIST ROOFTOP FORK BIKE MOUNT

ForkChop transports virtually any bike, including both quick release and through axles, and does it all without touching the bike frame. The split design makes it ideal for use with a cargo basket or for a minimalist look on your vehicle's roof rack.

FORKCHOP | 8002117
Product weight 1.6 kg | Total max. bike weight 18 kg

Fits multiple tyre sizes from road to fat bikes.

Comes equipped to fit multiple through axles and quick release bikes.

WELCOME TO YAKIMA SKYRISE VILLAGE IN PARTNERSHIP WITH CARAVAN PARK SEXTEN.

Exclusive and totally comfortable tents in the South Tyrolean Dolomites: it's that feeling of boundless freedom. Looking up at the starry sky, free from the monotony of everyday life. The silhouettes of the Dolomites in front of your eyes. And all around, absolute silence. Zip up your tent, fall asleep in harmony with nature - and let the first rays of sunshine awake you in the morning.

Plan your visit!

YAKIMA SKYRISE VILLAGE SETS UP CAMP AT @CAMPING.SEEBAUER

In the nature reserve, between the Chiemgau Alps and the Salzburgerland near Burghausen, Camping Seebauer is owned by the well-known mountain bikers Julia and Dan in a wonderful natural setting with lots of charm.

The idyllic campsite is located directly on the natural swimming lake, Leitgeringer See which invites you to swim and SUP. Both shady and sunny plots can be found in the flat meadow area making it an ideal place for everyone.

At the lake and in the surrounding area there are many opportunities for sport, culture, and excursions, so Camp Seebauer made for the perfect spot to set up 3 Yakima SkyRise Tent platforms.

Another extraordinary project and you can be part of it, perhaps a new experience is waiting for you?

Plan your visit!

ReelDeal

ROOFTOP FISHING ROD MOUNT

A simple, compact, and economical way to securely transport fully rigged-up fishing rods of any style on a roof rack.

- Transports up to 8 fully rigged-rods
- Built-in padding secures and protects rods
- Lockable, single-button opening provides convenient side access for loading
- Includes SKS Locks to keep your rods safe and secure

Tool-free universal roof rack attachment.

Locks rods to mount with 2 included SKS Locks.

Carry up to 8 rods with reels and lines strung.

Side opening provides easy access to load and unload rods.

REELDEAL | 8004089

TopWater

A purpose-built, enclosed fishing rod box - keeping you prepared to hit the water with up to 8 fishing rods, up to 2.4 m long, fully rigged, organised, and out of the vehicle.

- Protective foam pads and retention straps keep rods and reels safely in place
- Space below rods makes room for low-profile tackle boxes or other wet gear
- Built-in rod shields protect rod tips
- Integrated SKS locks included for added security
- Add the SmarT-Slot™ Kit 5 to attach to a T-slot crossbar for an even sleeker profile (sold separately)

TOPWATER | 8004088

DoubleHaul

ROOFTOP FLY ROD CARRIER

A deluxe rooftop fly rod carrier - takes up to 4 fully strung-up rods, up to 3 m long. It's a perfect fit on any size vehicle.

- Configurable to either 3.3 m or 1.8 m length
- Custom-fitted felt padding for premium reel protection
- Plastic-lined aluminum rod tubes provide strength and separation for rods
- Integrated SKS locks included for added security

SmartT-Slot Kit 3
Directly attach your DoubleHaul to a T-slot channel on your roof rack (sold separately). 8007356

Universal mounting system fits most racks.

SKS Locks secure DoubleHaul and rods.

Custom felt padding protects reels.

DOUBLEHAUL | 8004087
Product weight 21 kg
Dimensions L 333 cm x W 38 cm x H 23 cm

WATER

WATER

ShowDown

LOAD ASSIST KAYAK AND SUP MOUNT

The first load-assist mount to handle both SUPs and kayaks, makes loading and unloading heavy boats and boards a breeze. The lightweight mount tilts down more than two feet from the roof rack, takes on up to 45% of the boat's weight, then helps gently raise it up to the top of the vehicle.

- 36 kg boat and board capacity easily handles your big kayak or a couple of SUPs
- Weighing only 9.5 kg, it doesn't eat up your roof's carrying capacity
- Lowers down a lengthy 66 cm from roof rack height
- Provides a generous 30-45% weight assistance (depending on boat width)
- Felt-covered cradles flex to conform to your hull for secure transport
- Folds down flat to reduce drag and wind noise when not in use
- All tie-down straps included so you're ready to load right out of the box

SHOWDOWN | 8004081

Felt-covered cradles flex to conform to hull for secure transport.

Easily load and unload with the easy-to-use slide and tilt mechanism.

Universal mounting hardware fits most roof racks.

Includes Heavy-Duty Straps and Bow/Stern Tie-Downs.

SweetRoll

ROOFTOP KAYAK SADDLE AND ROLLER MOUNT

Loading your boat has never been easier than this! Two front and two rear saddles with integrated rollers hold your boat in place. The spring-loaded base automatically adjusts to the boat when loading. Comes as a set of 4. Includes heavy duty straps and bow/stern tie-downs.

SWEETROLL | 8004077

Built-in rollers help glide the boat into place.

Rubber saddles protect the hull of the boat.

Pivoting saddle conforms to the shape of the boat.

Add Felt Pads for more protection. (Sold separately 8004080)

ShowBoat 66

LOAD ASSIST ROLLERS

This ingenious load-assist roller slides out over the rear of the vehicle for easy access and vehicle protection while loading and unloading your boat.

- Padded to protect your kayak or canoe during loading and transport
- Works with a variety of kayak and canoe mounts
- Corrosion-resistant stainless steel and brass hardware

SHOWBOAT 66 | 8004068

SupDawg

PREMIUM ROOFTOP SUP AND SURFBOARD MOUNT

A stand-up paddle board mount that can hold up to two SUP Boards up to 91 cm wide. The SUPDawg is fully assembled out-of-the-box, features integrated rollers for easy loading, and includes SKS locks.

SUPDAWG | 8004075

Keeps your boards safe and sound with nylon-coated steel cables.

Locking, integrated strap storage keeps strap from flapping in the wind.

Easily install with locking SpinVice clamp.

Integrated rollers for easy loading.

JayLow

J-CRADLE ROOFTOP KAYAK MOUNT

Versatile, adaptable, and super low-maintenance, the JayLow kayak mount provides maximum loading and minimal fuss. No tools necessary for install with the easy-to-use SpinVice clamp. Carry one kayak in cradle position. Includes straps, bow/stern tie-downs and SKS locks.

JAYLOW | 8104076

Integrated boat ramp for easy loading.

Easy-to-use lever makes adjusting the mount a breeze.

Folds down flat when not in use.

Carry 1 boat in cradle and 2 boats in stacker position.

KeelOver CANOE MOUNTS

The KeelOver attaches directly to any roof rack for a quick, tool-free assembly, right out of the box. Not only will your canoe arrive to the water safely, but you'll get to spend more time on the water, making for many happy paddlers.

KEELOVER | 8004069

Water Mount Accessories

SoftStrap

Tough tie downs with integrated cover to stash excess strap (pair).
2.4 m 8007420 | 4.9 m 8007419

Hood Anchor

Creates a secure attachment point for bow and stern tie downs.
8007416

Heavy Duty Straps

Super strong box-stitched 4.9m straps with soft, rubber-coated buckles
8005006

AceO'Spades

Secure oars/paddles to your rack and free up space. Includes SKS locks.
8000335

RipCord

Locking 3.6 m tie-down straps to secure your boat or boards.
8004048

Bow/Stern Tie Downs

Secures the bow and stern of any boat with easy-to-use ratchet pulley.
8004031
